Press Release

No: 99 PR/BHL/2019

Dhaka, March 14, 2019

Bangladesh Honda Private Limited is Celebrating 1 Year of CB Hornet in Bangladesh

CB Hornet 160R is the complete package of Performance, Style, Comfort & Convenience.

- Performance: Power, Torque, Mileage, 276mm petal disc braking
- Style: Macho style, Muscular tank, X-shaped LED tail light, Wide rear tyre
- Comfort: Mono-suspension
- Convenience: O-ring chain, MF battery, Viscous air filter

Honda CB Hornet 160R, the most rocking model in the naked street sports bike segment, has clocked more than 14,000 customer's hearts in a very swift time since launching. Bangladesh Honda Private Limited (BHL) is celebrating 1 year of CB Hornet in Bangladesh. Under this celebration, each new purchaser of CB Hornet 160R Single Disc will enjoy 2 years Registration fee support worth of 12,073 BDT in a limited period of 14th March 2019 to 14th April 2019. The CB Hornet 160R Single Disc is priced reasonably at 189,800 BDT.

Performance: Powered by a 163cc engine, the CB Hornet 160R boasts 15.3 ps net power and 14.76 nm torque, as maximum powerful in this segment. Specially designed to deliver good low end torque, the advanced engine also achieves a compression ratio of 10:1, delivering the right punch of power. It has 276 mm largest petal disc brake for better heat dissipation & improved braking. CB Hornet 160R provides a good mileage of 64 km/L.

Style: Raw, Real, Ripped and Rocking, the CB Hornet 160R offers enhanced sporty character with 3 electrifying accents colors- Striking Green, Sports Red & Athletic Blue Metallic.

Complemented by unique muscular tank with attractive graphics, aggressive headlamp, 140 mm wide rear tire, 276 mm petal disc brake, x shaped LED tail light, compact muffler, five spoke split alloy wheels and striking rim stripes, makes it a complete charmer.

Comfort: Mono Shock Suspension helps in maintaining the center of gravity thus increasing the stability. It comes with three (3) level adjuster to support driving conditions. Its engine is equipped with a counter balancer to reduce the vibrations produced in engine.

Convenience: Sealed O-Ring chain is used to improve lubrication between chain links. It is more durable & its lifetime is longer than Roller type chain. Maintenance free battery & viscous air filter also allow less maintenance & hassle free riding.
